Kochi, Kerala, India

Summary

Detail-oriented and innovative Product Designer with a strong foundation in design principles and a passion for creating user-centered digital experiences. Proficient in Figma, Framer, and design systems, with a proven ability to collaborate effectively in team environments and lead design initiatives. Background in civil engineering brings a unique perspective to problem-solving and design thinking.

Experience

DwellIT Systems — Kochi, Kerala, India
Freelance Product Designer — *January 2026 – May 2026*

- Designed a logistics and fleet management dashboard, engineering complex UI workflows for ticket management, KYC approvals, and vehicle onboarding.
- Directed the rapid deployment of a premium bridal makeup studio website (sruthisai.in) using Antigravity, leveraging detailed PRDs and precise engineering prompts.

Bizinnox Inc — Kochi, Kerala, India
Associate UI/UX Designer — *April 2025 – December 2025*

- Managed the end-to-end design lifecycle for mobile-responsive websites (Nalla Health, Bizinnox) and collaborated on transforming complex shipping and logistics workflows into clean, usable dashboards.
- Created wireframes and intuitive user interfaces for Wowlyx, a vision intelligence platform, simplifying real-time video analytics data for improved user comprehension.
- Produced consistent marketing assets and professional pitch decks to maintain brand visual identity and support high-stakes business proposals.

Webandcrafts — Thrissur, Kerala, India
UI Design Intern — *January 2025 – February 2025*

- Completed structured internship projects focusing on UI design principles, visual fidelity, and user engagement.
- Received mentorship from senior designers, gaining insights into professional workflows and industry best practices.
- Collaborated with the design team to refine project deliverables within tight deadlines.

Lollypop Design Studio — Bengaluru, Karnataka, India
UI/UX Design Intern — *July 2024 – September 2024*

- Assisted in developing the landing page for Terralogic Academy, optimizing for user experience and interface design.
- Conducted user research, created wireframes, and selected typography and color palettes to ensure cohesive design systems.
- Gained practical experience in design systems and rapid ideation under strict project timelines.

Hexnode (Mitsogo Inc.) — Chennai, India
Product Evangelist — *July 2023 – February 2024*

- Drove brand visibility and strategic product positioning by conducting competitor analysis and designing compelling marketing materials (Canva, Miro) in collaboration with PR & Media teams.

Education

Muthoot Institute of Technology and Science (MITS) — Kochi, Kerala, India
Bachelor of Technology - Civil Engineering (CGPA: 6.45) — *Aug 2019 – July 2023*

Lollypop Academy — Chennai, India
UI/UX Design Certification — *March 2024 – June 2024*
