**Summary**

Product Designer with 2+ years of experience across EdTech, HealthTech, and FinTech specializing in end-to-end product design from user research and wireframing through high-fidelity UI and developer handoff. Skilled at building scalable design systems and interactive prototypes that measurably improve usability and reduce user errors, with hands-on ownership of the full design lifecycle from concept to implementation.

## WORK EXPERIENCE

**Product Designer**

Petaera Technologies, Kochi *April 2026 - Present*

- Own end-to-end UI/UX strategy and redesign for two flagship products PracMind (mental wellness patient management platform) and Petalog (vehicle management system) spanning all core modules, from user research through final UI and developer handoff.
- Redesigned Petalog's core task workflows, reducing process steps from 8 to 4 and cutting average completion time by 30%.
- Established unified, scalable design systems across both platforms, improving cross-product consistency and reducing support queries by 20%.

**Junior Product Designer**

Eloit Innovations, Kochi *Jan 2025 - March 2026*

- Designed user-centered digital experiences, user flows, and wireframes across EdTech, FinTech, and E-commerce platforms, spanning web and mobile.
- Translated business requirements and user research into design solutions, reducing user errors by 35%.
- Led visual design for marketing and brand assets posters, social creatives, presentations ensuring strong visual hierarchy and brand consistency.
- Partnered with engineering, product, and business stakeholders to ship user-centered solutions on time and aligned with brand and business goals.

**UI/UX Developer**

Quest Innovative Solutions, Kochi *June 2024 - Dec 2024*

- Translated UI/UX designs into pixel-accurate, production-ready components, strengthening design-to-development handoff.
- Built responsive, cross-browser web interfaces using HTML, CSS, and JavaScript.
- Collaborated with cross-functional teams to ship features in an agile environment.

## SKILLS

- **Design & Prototyping:** Figma, Wireframing, Interactive Prototyping, User Flows, Sitemaps, Design Systems, Accessibility (WCAG), Typography, Layout, Visual Hierarchy
- **Research Methods:** User Research, Usability Testing, User Personas, User Journeys, Competitor Analysis, A/B Testing, Affinity Diagramming, Empathy Mapping
- **Visual & Tools:** Illustrator, Photoshop, InDesign, Framer, Figma Make, Canva, Claude Design, Midjourney, Procreate, Premiere Pro, After Effects
- **Development:** HTML5/CSS3, Responsive Web Design, Vibe Coding

## EDUCATION

**B.Tech (Electronics and Communication)** *Nov 2022 - May 2024*

Cochin University Of Science And Technology CGPA 7.8

**Diploma in Electrical and Electronics Engineering** *Aug 2017 - May 2020*

Maharajas Technological Institute CGPA 8.3

## CERTIFICATION

- Google UX Design, Coursera [Certificate] *Dec 2024 - Feb 2025*
- UX Design - Interaction Design Foundation (IXDF) *June 2026 - Ongoing*
